ABOUT ME

Hello, I'm Prabhat a pre-final year student at BITS Pilani, Goa Campus and a full stack developer with expertise in HTML, CSS, Javascript, React.js, Next.js, Node.js, expressjs, Postman, Rest APIs and MongoDB.
I'm passionate about frontend development and love bringing designs to life to create a smooth user experience. At the same time, I make sure the backend systems are robust and efficient.

EDUCATION

ST JOHN'S SCHOOL BLW	**SUNBEAM DALIMSS SCHOOL**	**BITS Pilani KK Birla Goa Campus**
High School	Intermediate	Bachelor of Engineering - (BE)
2008 - 2020	2020 - 2022	2022 - 2026

PERSONAL PORJECTS

InstantNote-App

- This is a Full-Stack Project made using the MERN Stack Technology and Material UI framework. It lets users take notes, organize them into categories, and perform basic CRUD operations (create, read, update, delete).
- **Source code:** https://github.com/prabhat3009/InstantNote-App
- **Deployed Version:** https://instantnote-app.onrender.com/

IMDb-Website-Clone

- This React.js project is a very basic clone of the original IMDb website. It receives data from an external API to display movie information.
- **Source code:** https://github.com/prabhat3009/imdb-clone
- **Deployed Version:** https://lovely-basbousa-ed5457.netlify.app/

User-Authentication-App

- This Next.js project allows users to register and log in. User details are saved in MongoDB, and successful login gives access to the home page. The purpose is to learn how to handle user authentication and store data securely in a database.
- **Source code:** https://github.com/prabhat3009/user-authentication-app
- **Deployed Version:** https://user-authentication-app-zeta.vercel.app/login

RELEVANT EXPERIENCE

Google Developer Student Clubs   2023 - 2024

- Being actively engaged in Google Developer Student Club (GDSC) at BITS Goa for an year, I learned important technical skills and improved my teamwork abilities. This experience helped me get better at using new technologies and working well with others.

ADDITIONAL PROJECTS
